

A word cloud visualization of terms related to vaccine controversies. The words are arranged in a dense, overlapping manner, with larger words indicating higher frequency or importance. The color palette is a gradient of blues, ranging from light sky blue to deep navy blue. The words are oriented horizontally, though some are rotated slightly for better fit. The overall shape is roughly rectangular, with the most prominent words like 'called', 'forced', 'experiment', and 'human' occupying the central and lower portions of the image.

Topic 9

Topic 10

A word cloud featuring various terms related to experimental drug development and adverse effects. The words are arranged in a dense, overlapping manner, with some words appearing significantly larger than others. The color palette is a mix of teal, blue, and light green. The words include:

- experimental_drug
- adverse_effects
- test
- effects
- drugs
- experimental
- adverse_effects
- potentially
- development
- making
- subjects
- systems
- neurological
- opinion
