

Topic 4

A word cloud visualization featuring various terms related to COVID-19, pandemics, and laboratory safety. The words are arranged in a dense, overlapping manner, with some words appearing significantly larger than others. The color palette is a gradient of blues, ranging from light sky blue to deep navy blue. The largest words, which dominate the visual space, are 'pandemic', 'history', 'generation', 'health', 'caution', 'rats', 'lab', and 'covid-19'. Other prominent words include 'important', 'exercise', 'true', 'lab_rats', 'regulators', 'government', 'adults', 'haste', 'fear', 'aspects', 'mistakes', 'calls', 'time', 'consideration', 'repeat', 'surely', 'exercised', 'vaccinate', 'unnecessary', 'risks', 'reject', 'extreme', 'extreme_caution', 'unnecessary_caution', 'important_time', and 'true_caution'. The overall composition suggests a focus on the historical context, public health implications, and the specific challenges and safety concerns associated with laboratory research and the management of a global pandemic.

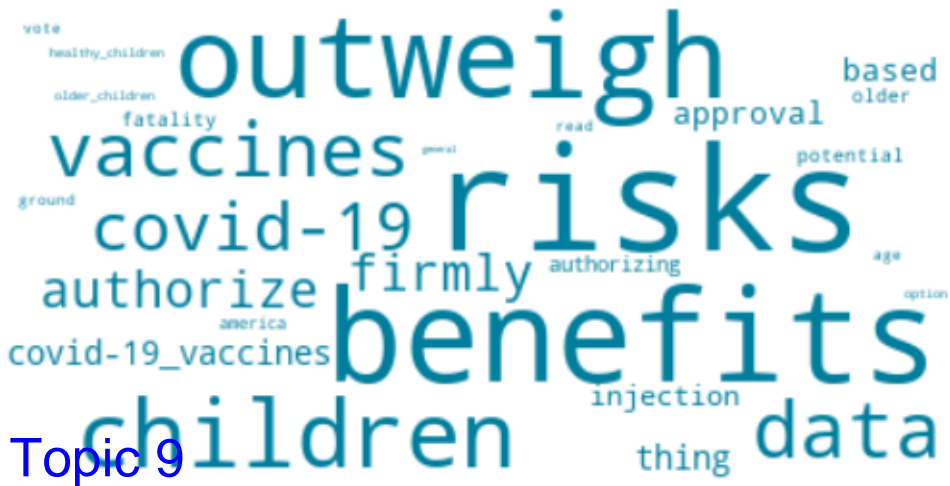

important_time important_extreme true_caution
pandemic history
repeat exercise surely exercised vaccinate
generation unnecessary fear
consideration time mistakes lab_rats haste
health calls true risks reject
caution rats
extreme_caution covid-19 regulators adults
unnecessary_caution government lab
